PRIE Committee Minutes
Friday, Dec. 14, 2018
9 a.m. - 10:30 a.m.
Room: Rodda Hall North, RHN 228

Members present: M. Buechner, A. Divanyan, M. Grofe T. Ho, M. Kekahu, N. Lorenz, K. MacGregor, M. Xu

1. Approve Minutes from Nov. 09, 2018
   Minutes were approved by consensus

2. Discussion of PowerPoint presentation and plans for liaison-led discussions in various college groups. (Includes update on PowerPoint presentation).
   Additional slides with key notes from the book Whistling Vivaldi have been added to the PowerPoint. It was suggested that information be added to the “notes” section of the PP slides, including definitions of terms, additional data, and key talking points. This information can only be seen by the presenter, and does not show up on the screen when slides are shown. There was substantial discussion about how to best present the information this coming spring. For example, how to move present the early slides, which summarize and preview more detailed data that is coming in later slides. It was suggested that we make the slides look as much like the PRIE dashboard as feasible so that people will find similar data, in a similar presentation style, in both places. It was noted that the data websites provided the CCCCO are currently being revised and that the data definitions on those websites may not be consistent with the ones used previously. It was also suggested that we invite the Equity Coordinators to one of the first PRIE committee meetings in the spring so that they can advise us on how best to present the information in the context of the college’s equity work. We might consider a mid-semester “symposium” to offer presentation in a longer format.

3. Data Liaison Presentations
   Reminder to committee:
